Curriculum Vitae

Personal information

Surname(s) / First name(s)	**Castello Ferrer, Eduardo**
Address(es)	1292 Commonwealth Ave. Apt 5, 02134, Boston (USA)
Email(s)	ecstll@mit.edu
Nationality(-ies)	Spanish
Date of birth	1/12/1984
Gender	Male

Work experience

Dates	Oct 2016 - Present
Occupation or position held	Postdoctoral Associate
Name and address of employer	MIT Media Lab, Massachusetts Institute of Technology, 77 Mass. Ave., E14/E15, Cambridge, MA 02139-4307 USA.
Main activities and responsibilities	Conducting research on the synergy between robotics and controlled-environment devices (a.k.a Food Computers) to discover, analyze, and integrate new techniques for precision agriculture.

Dates	Feb 2016 - Oct 2016
Occupation or position held	Research Affiliate
Name and address of employer	MIT Media Lab, Massachusetts Institute of Technology, 77 Mass. Ave., E14/E15, Cambridge, MA 02139-4307 USA.
Main activities and responsibilities	Design and implement new decentralized models for the whole range of controlled environment agriculture systems (Food Computer) proposed at the OpenAG group.

Dates	Oct 2013 - Dec 2013
Occupation or position held	Research Intern
Name and address of employer	Bristol Robotics Lab (BRL), University of the West of England, Frenchay Campus, Coldharbour Ln, Bristol BS16 1QY, UK.
Main activities and responsibilities	Designed and conducted extensive real-hardware experiments involving swarms of robots. Experiments involved the use of several E-puck robots in order to develop and analyze adaptive foraging controllers. This internship culminated in the submission of a research paper to the Swarm Intelligence Journal.

Dates	Sep 2011 - Mar 2012
Occupation or position held	Research Intern
Name and address of employer	Institute of Automatic Control Engineering (LSR), Technische Universität München (TUM), Theresienstrasse 90, D-80333 München, Germany
Main activities and responsibilities	Designed, tested and implemented several communication modules for the EU FP7 BEAMING project. These modules were used in order to teleoperate robotic avatars with real-time capabilities. This internship led to a collaboration project between LSR and Osaka University.

Dates	Apr 2009 - Mar 2011
Occupation or position held	Researcher
Name and address of employer	Osaka University, 1-3 Machikaneyama, Toyonaka, Osaka, 560-8531, Japan. TEL:+81668506360
Main activities and responsibilities	Conducted research as part of the Osaka University project Yuragi. This project included the design, development, and simulation of robotic controllers based on Neural Networks, Genetic Algorithms, Fuzzy Logic and Stochastic Control for the following robot platforms: E-puck, Khepera, Katana, Wakamaru. The research conducted led to the publication of a conference paper.

Dates	Sep 2003 - Aug 2006
Occupation or position held	Network Administrator
Name and address of employer	Isabelinas Estate Agent - C/ San Martin 7, 46003, Valencia, Spain. TEL:+34963517913
Main activities and responsibilities	Design and installation of a corporate intranet that connected all the locla Estate Agent branches. Setting up an automated system which printed client accounting information.

Education and training

Dates	Apr 2012 - Sep 2016
Title of qualification awarded	PhD. Eng. Robotics
Principal subjects covered	Multi-Agent Systems, Swarm Robotics, Stochastic Control, Distributed Systems
Name and type of organization providing education and training	Osaka University (Japan)
Level in national or international classification	1st - First Class Honours

Dates	Apr 2009 - Mar 2011
Title of qualification awarded	M.Eng. Robotics
Principal subjects covered	Advanced Robotic Systems, Sensory Information Processing, Pattern Recognition, Imaging Systems
Name and type of organization providing education and training	Osaka University (Japan)
Level in national or international classification	1st - First Class Honours

Dates	Sep 2006 - Jul 2007
Title of qualification awarded	Bsc.(Hons) Intelligent Systems
Principal subjects covered	Neural Networks and Genetic Algorithms, Data Mining, Fuzzy Logic, Scientific Computing, Intelligent Systems Programming
Name and type of organization providing education and training	University of Portsmouth (UK)
Level in national or international classification	2:1 - Upper Second Class Honours

Dates	Sep 2003 - Jun 2006
Title of qualification awarded	HND. Software Engineering
Principal subjects covered	Structured Programming, Systems Analysis, Software Engineering, Networking, Database Design
Name and type of organization providing education and training	ESAT (Escola Superior D'Art i Tecnologia) (Spain)
Level in national or international classification	2:1 - Upper Second Class Honours

Technical skills and competences

Programming: C/C++, Java, Python, R, Perl, PHP, Lisp, UNIX shell scripting, GNU make, AppleScript, SQL, DVCS (Mercurial, git), VCS (RCS, CVS, SVN, SCCS), and others

Robotics Software: ROS, Player/Stage/Gazebo, Webots, OpenRTM-aist

Robotics and Machine Learning Libraries: OpenCV, Torch, Caffe, mlpack

Computer-Aided Design: 3DS SolidWorks, Cadence OrCAD, SPICE, pst-circ

MATLAB experience: linear algebra, Fourier transforms, nonlinear numerical methods, polynomials, statistics, N-dimensional filters, visualization.

MATLAB toolboxes: neural networks, communications, control system, filter design, genetic algorithm and direct search, signal processing, system identification.

Embedded Systems: Software and hardware development with several MCU and DSP platforms (e.g., Motorola MCU's, Texas Instruments DSP's, Atmel ATmega MCU's, Microchip PIC MCU's, and others)

Instrumentation and Control: dSPACE hardware (e.g., RTI1104) and Control Desk software, Simulink, LabVIEW and other National Instruments control and data acquisition hardware and software (e.g., MIO, SMIO, DSA, DMM, and others)

Analog and Digital Electronics: Bipolar and FET implementations of continuous and switched amplifiers, modulators, and filters

Information Technology: Networking (UDP, TCP, ARP, DNS, Advanced routing & switching, QoS, Firewall design), Service (Apache, SQL, MediaWiki, POP, IMAP, SMTP, application-specific daemon design)

Computer Applications: TEX (LATEX, BIBTEX, PSTricks), most common productivity packages (for Windows, OS X, and Linux platforms), Vim

Operating Systems: Linux, BSD, Microsoft Windows family, Apple OS X, IRIX, AIX, Solaris, and other UNIX variants

Personal skills and competences

Mother tongue(s)

Spanish, Catalan

Other language(s)

English (Fluent), Italian (Fluent), Japanese (Conversational)

Patents

Castello, Eduardo. 2015. Highly-Customizable Robotic Platform for Testing Mobile Sensor Networks. Spanish Patent Application P201500298, filed April, 2015. Patent Pending.

Honors and Awards

Date	Apr 2014
Award	Yoneyama Scholarship offered by the Rotary Yoneyama Memorial Foundation (25 merit-based scholarships awarded over a base of 25,000 students)
Date	Jul 2013
Award	Murata Overseas Scholarship Academic Award offered by the Murata Foundation (10 merit-based scholarships awarded over a base of 10,000 students)
Date	Apr 2012
Award	1 of 25 Honors Scholarships offered by the Japanese Student Service Organization (JASSO)
Date	Oct 2010
Award	1 of 10 Monbukagakusho Research Scholarships offered by the Japanese Ministry of Education, Culture, Sports, Science and Technology (MEXT)

Media Collaborations

Dates	Oct 2014 - Present
Name of the media	El País
Main activities and responsibilities	Columnist for the Science and Technology section
Dates	Oct 2014 - Present
Name of the media	El Mundo
Main activities and responsibilities	Columnist for the Innovation and Entrepreneurship section
Dates	Dec 2013 - Aug 2014
Name of the media	El País
Main activities and responsibilities	"Entre Replicantes" - Robotics Blog

Lectures & Presentations

Date	January 2016
Venue	Global Robot Expo (GREX)
Topic	Swarm Robotics: From academic-research to widespread industrial use
Date	March 2014
Venue	Fundación Valenciana de Estudios Avanzados (FVEA)
Topic	Big challenges of Japanese society : An open window to the world of robots
Date	March 2014
Venue	Universidad de Valencia (History of Art and Visual Culture Department)
Topic	Digital culture in Japan : An open window to the world of robots
Date	November 2013
Venue	British Consulate-General Osaka
Topic	Cognitive Robotics in Japan
